COVID Pet Supply Checklist for

YOUR PET'S NAME _____

Moving Pet From My House To Yours

If you need to care for my pet in your home, please follow the steps below:

- ☐ Enter my home wearing facemask and gloves.
- ☐ Wipe all non-porous pet needs (crate, water and food bowl, and plastic toy) with disinfectant wipes.
- ☐ Place all porous pet needs (like pet beds, leashes, towels, cloth toys) into trash bag.
- ☐ Bring a fresh pair of clothes and shoes to change into immediately after leaving the home. Place old clothes into trash bag if unable to wash immediately.
- ☐ Disinfect all articles of clothes, socks and shoes immediately by washing on a warm cycle.
- ☐ Disinfect all porous pet needs (like pet beds, leashes, towels, cloth toys) brought from pet's home by washing on a warm cycle.
- ☐ Bathe my pet immediately (using Chlorhexidine shampoo if possible). Allow shampoo to sit (if possible) for 10 minutes before rinsing.
- ☐ Clean or disinfect any item that was used to transport the pet.
- ☐ Dispose of facemask and gloves.

Caring for Pet in My Home

If you are planning to care for my pet in my home, please follow the steps below:

- ☐ Enter my home wearing facemask and gloves.
- ☐ Brief visit with my pet twice daily for feedings, medications administration, and quick potty break (if needed).
- ☐ Ensure potty break for dogs are either within the my yard or by the front entrance of home, at least 6 ft from other humans or animals.
- ☐ Scoop kitty litter box once daily (if needed).
- ☐ Bring a fresh pair of clothes and shoes to change into immediately after leaving the home. Place old clothes into trash bag if unable to wash immediately.
- ☐ Disinfect all articles of clothes, socks and shoes immediately by washing on a warm cycle.
- ☐ Disinfect all porous pet needs (like pet beds, leashes, towels, cloth toys) brought from pet's home by washing on a warm cycle.
- ☐ Dispose of facemask and gloves.
- ☐ Use a new set of gloves at each visit.
